Students benefit from the exchange of knowledge and ideas that small group sessions provide, as well as the experience of collaborating and communicating with peers.

**Class participation forms part of your overall assessment.** It is your responsibility to attend all live online lectures, and to participate in online discussions and activities and to carry out all assignments, case studies and examination work. You will be expected to take your own notes during the online sessions. To ensure a harmonious learning experience, you agree to respect the trainers and other students at all times. **Please make sure you have a stable internet connection and that your camera, microphone and speakers are working!**

**Please be punctual!** The online classes are conducted one weekend a month

- **8.00am to 12.30pm (4.5 hours) AEST / AEDST – Saturday & Sunday (once a month)**

Please see the **Course Outline & Timetable** for further details.

Please check your local time by going to: <https://www.worldtimebuddy.com/>

The online room will usually be open 15 minutes prior to the scheduled time. There will be a half-hour break from about 10.30am to 11.00am AEST / AEDT. Whilst every effort is made to adhere to the timeframe, due to the vast volume of information, occasionally the online session may need to be extended and may run over time.

We encourage maximum class attendance. **However, if for any legitimate reason or unforeseen circumstances you are unable to attend, you must provide a reasonable explanation for your absence and notify the course facilitator.** In this case you may be provided with an audio or video recording which may incur an additional fee. (Please note that the recording may be from a previous cohort). If a recording is unavailable, you may also apply to arrange a private tutorial, which may also incur an additional fee. Additional fees are at the course facilitator's discretion.

**If you reside in a time zone that makes the live online classes too early or too late for you to attend at a reasonable time, then please contact the course facilitator to discuss making alternative arrangements.** We will do our best to accommodate your needs. Please contact: [christina@advancedhomeopathy.com.au](mailto:christina@advancedhomeopathy.com.au)

You agree that all discussions and posts in the online forum are to be kept strictly private and confidential.
8. **Self-Directed Learning:** Self-directed learning forms part of your overall assessment. The self-directed learning is relatively self-paced, however, to get the most out of your training and to reinforce your knowledge please ensure that you engage in the self-directed learning and complete the required activities **prior to attending the live online class.** The self-directed learning is focused on anatomy & physiology and pathophysiology and may include but is not limited to: recommended reading such as course manuals, articles, materia medicas and repertories, watching videos, listening to recordings, writing essays, writing case studies, completing questions & answers, quizzes etc.

**11. Award: This is the only course in the world that has been personally endorsed by Dr Parimal Banerji.**

Dr Parimal Banerji's Advanced Homeopathy Post Graduate Course has been approved and validated by Dr Parimal Banerji and Dr Ruma Bhattacharya, International Institute of Advanced Homeopathy and the Parimal Banerji Medical Research Centre, (India). The final award, **Associate Fellowship of Dr Parimal Banerji's Method of Advanced Homeopathy** is only awarded to students who and have successfully completed all of the assessments (see above).

This course is only open to already **qualified** professional Homeopaths and/or Naturopaths. This is a professional **postgraduate** course and is **not** a Bachelor or Diploma. The award does **not** qualify you as a professional Homeopath as your existing qualifications in Homeopathy and/or Naturopathy, (e.g. your Diploma or Advanced Diploma or Bachelor's degree) should already qualify you to practice as a Homeopath or Naturopath.

**12. CPD/ CPE:** CPD / CPE Points are issued at the end of each module for hours of completed online attendance and self-directed learning and completion of assessments. CPD / CPE is the acronym for Continuing Professional Development / Education. It is a process of tracking and documenting the skills, knowledge and experience gained beyond your formal training on a continual basis. Most associations recommend that you should participate in educational activities that develop professional performance throughout your working life. As a qualified Homoeopath / Naturopath you have a professional responsibility to undertake yearly CPD / CPE to:

- continually update your skills, knowledge and experience
- keep abreast of latest developments within both the Homoeopathic / Naturopathic and general health sectors
- further enhance the professional standing of Homoeopathy / Naturopathy within the broader community.

**AROH (Australia):** Dr Parimal Banerji's Advanced Homeopathy Postgraduate Course is approved by the Australian Register of Homeopaths (AROH). AROH encourages its registrants to access both directed and self-directed learning to maintain and expand their professional knowledge. Registered members may qualify for CPD points only for the Homeopathy component of the of this course (up to a maximum of 20 points per year)

**ATMS (Australia):** Registered members of the Australian Traditional Medicine Association (ATMS) may qualify for 1 CPD point per 2 hours (up to a maximum of 20 points per year). To qualify for full points, i.e. 1 CPD point per hour, members must complete a 100-word learning summary to be eligible for full points. If no learning summary is completed, members can only claim 1 point for every 2 hours of attendance (up to a maximum of 20 points per year)

**Other Associations:** Most professional associations require their members to complete a certain number of CPD / CPE hours each year to ensure competency. CPD or CPE (Continuing Professional Development / Education) supports you to enhance your practical skills and knowledge and to keep up to date with your profession. Depending on your association's continuing education policy, you may be able to claim between 10 to 20 points per 20 hours of training. Please check with your own professional association regarding their CPD / CPE policy.
